

CORPORATE

Leading Payment Platform
Company
Melbourne, VIC

Project Name: A Leading Payment Platform Company
Client: Shape
Location: Melbourne, VIC

Scope of Work: Pantry Storage & Island, Phone Rooms, Print Nook, Lounge Bookcase & Beverage Unit, Reception Desk, Reception Mail & Coat Storage, Collaborative Lounge Bookcase, Boardroom

Overview:

Aspen had the opportunity to work with the Shape team on fitting out offices for a leading payment platform company in Melbourne. The space incorporates architectural custom joinery, wall panelling, breakout spaces and private phone booths. An impressive reception area welcomes guests featuring a timber column and plant wall panelling while the large kitchen breakout area is a welcoming space for staff to relax and collaborate with other team members. Embracing a spacious and contemporary open plan layout, the space creates breakout spaces, team collaboration and individual desks to cater for a range of working styles. Polyurethane, stone, laminate, fabric and powder coated steel formed the blue and white colour palette, providing a clean and fresh working environment for the team.
