UTS Building 1 SAU & ITD
Ultimo - Sydney

Project Name: UTS Building 1

Client: Shape Group

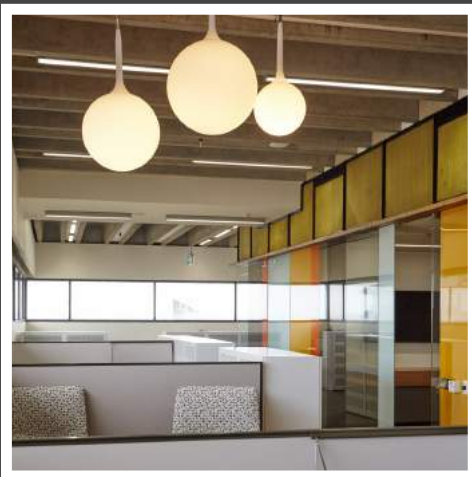

Designer: Lahznimmo Architects

Location: Ultimo - Sydney

Scope of Work: Glass wall paneling, timber veneer wall paneling, solid surface wall paneling, brass mesh wall paneling, whiteboards, kitchen joinery, kitchen & island bench joinery, banquette joinery unit, meeting room joinery unit, meeting room credenzas, office shelving and storage, directors office joinery, pin boards.

Overview:

The refurbishment of 'Building 1' Tower at UTS for Student Administration Unit and Information Technology Division brought both colour and function to the industrial style building originally built in the early 70's. Aspen supplied many finishes of wall paneling and joinery to bring Lahznimmo Architect's design to a colourful reality. Panels of precise dimensions including glass, veneer, brass mesh and solid timber panels combine to create a colourful work space in the core of the fitout. Unique custom joinery items constructed from melamine, Valchromat, stone, woven brass and brass accents add to the mid-century modern atmosphere of the fitout.
