

CORPORATE

Australian College of Nursing
Parramatta

Project Name: Australian College of Nursing

Client: inOne Projects

Location: Parramatta

Scope of Work: Polyurethane & Caesarstone Reception Desk, Banquette Seating, Kitchens, Utility Joinery, Clinical Room Joinery, Eco Panel, Reception Feature Wall, Office Joinery, Bookcases, Storage Cupboards

Overview: ACN is a key national nursing organisation for nurses at all stages of their career. Aspen worked with designers and project managers from inOne Projects to successfully complete the fitout at ACN, including the scope of reception, banquette seating, kitchens, utility joinery and storage. The fitout aligns to ACN's brand colours and features a striking reception desk, inspired by the angular shape of the ACN logo. The reception creates a strong visual first impression in the entrance and this refreshing colour palette is continued throughout the offices.
