

CÍRCULO COLLABORATION TABLE

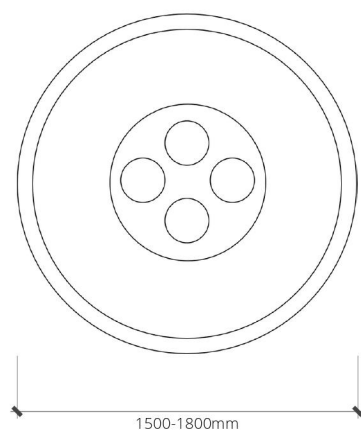

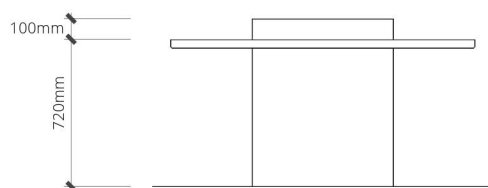

CÍRCULO successfully blends functionality with aesthetics in three versatile sizes. Draw teams together for discussions, team meetings, or in breakout zones. Let it truly become centre of attention by customising finishes and colours to tie them into your surroundings. Take it one step further by creating a stand-up table! With endless opportunity to customise both finishes and size, CÍRCULO fits into any setting.

CÍRCULO MEET

CÍRCULO MEET is where people introduce, connect and discuss. As the smallest of the collection, this table fits perfectly into reception areas, breakout spaces or dotted throughout open plan offices. Draw up seating for longer meetings, or keep this table as its own statement.

overall height	820mm
planter height	100mm
overall diameter	1500-1800mm
column/planter width	750-900mm

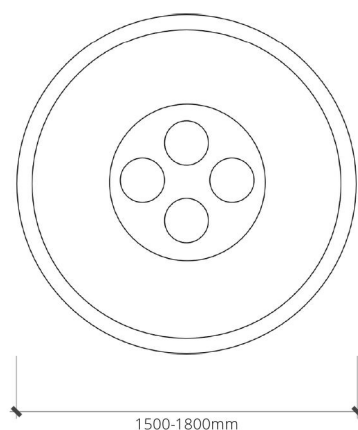

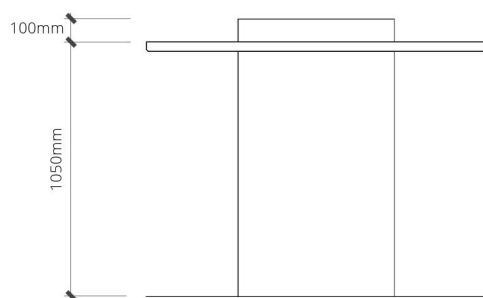

CÍRCULO CHAT

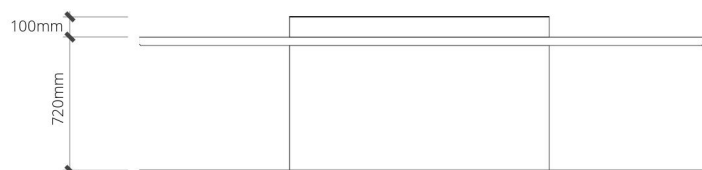

CÍRCULO CHAT is a stand-up conference table and so much more. Perfect for debriefs for those on the run, CHAT can double as a breakout table once you pull up barstools. No need to limit this versatile piece, with its extra height and inbuilt planter box, CHAT fits into any space, any time.

overall height	1150mm
planter height	100mm
overall diameter	1500-1800mm
column/planter width	750-900mm

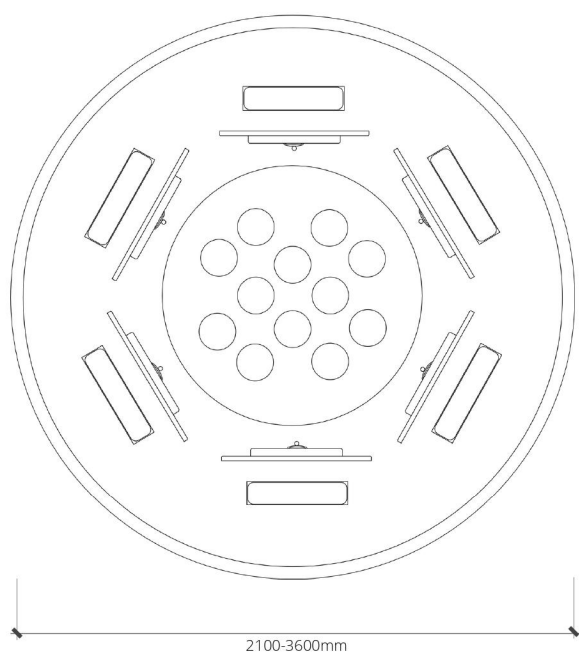

CÍRCULO WORK

CÍRCULO WORK re-thinks the typical workstation by drawing teams together into dynamic hubs. Keep conversations flowing by adding monitors, allowing for hot-desking and meetings to become one, while the large planter space brings the outside in, viewable from any seat around this dynamic workpoint.

overall height	820mm
planter height	100mm
overall diameter	2100-3600mm
column/planter width	1050-1800mm
