Location: Sydney, NSW
Scope of Work: Teapoint, Utility Cupboards, Acoustic Wall Panelling, Whiteboard Wall Panelling, Pigeon Hole Unit, Banquette Seating, Kitchen Joinery, Booth Seating, Credenza, Storage Cupboard, First Aid Joinery, Lockers, Coat Cupboard, High Bench

Overview: Aspen Interiors worked with FDC & Cachet Group to fit out an impressive three floors for MYOB in the Sydney CBD. MYOB provide business management solutions to companies Australia wide from entrepreneurs to large companies and as a result team work and collaboration were key themes when designing the space. A multitude of areas have been created that could be used when people needed to meet quickly to solve issues as well as more formal, private spaces. Aspen were engaged to manufacture the joinery and wall panelling to suit the space including whiteboard and acoustic wall panelling, stand up tables for informal meetings, booth seating, kitchen joinery and private meeting rooms. The rich colour scheme brings the place to life and creates a welcoming environment for staff and clients alike.
