RCR Tomlinson

Project Name: RCR Tomlinson
Client: Powerhouse Group
Designer: Powerhouse Group
Location: Sydney CBD

Scope of Work: Reception Desk, Utility Joinery, Teapoint Joinery, Credenza Joinery, Display Bench, Bathroom Bench Seat, History Wall, Veneer Wall Panelling, Boardroom Table, Served Bench Joinery, Vanity Joinery & Mirror, History Wall Glass Panelling

Overview: RCR Tomlinson is an advanced infrastructure company. Their newly refurbished office space combines timeless quality joinery, wall panelling and executive joinery in a traditional office model. The entrance features luxurious timber veneer wall panelling with metal trim inlay, a striking hand crafted feature. Glass panels create a striking visual story in the nearby corridor. An expansive executive suite boasts a classic boardroom with credenza and served bar with spectacular harbour views. Aspen worked closely with Powerhouse Group's project managers and interior designers to manufacture architectural joinery for this fitout and deliver a pleasing result.
