Overview: Aspen were engaged by Formula Interiors, working along with Brewster Murray to complete the office fit out for Transport for NSW (TFNSW) in Parramatta. Located in the iconic Octagon Building, the fit out spans over an impressive four levels. Each level comprises of two octagonal satellites connected by internal bridges within light filled atriums. The concept of the fitout was roads, creating connections and as a result a flowing ABW space was designed. A number of collaboration joinery items were supplied by Aspen from flexible meeting rooms to booth seating, mobile whiteboards and multiple kitchen breakout spaces. The vibrant colour scheme and joinery caters for a range of working styles and has created a fresh, vibrant place for the staff at TFNSW to collaborate and work.
