TELSTRA SYDNEY

Project Name: Telstra

Client: B2B Commercial Fitouts

Designer & Architect: Kann Finch Group

Location: Sydney

Scope of works: Kitchen Social Hub Levels 8 & 9, Coat Cupboards, Timber Feature Columns & Slatted Wall, Mobile Planter Box, Veneer Cladding to Columns, Glass Whiteboards, Executive Office Furniture, Executive Storage, Executive Office Table, DVD Unit

Overview: The new fitout of Telstra's new Sydney Offices resulted in a pleasing and practical workplace for their employees. The offices incorporated a social hub kitchen, executive office joinery and functional storage. A sophisticated column and slatted wall feature effectively screens off a group collaboration area from the open plan workstations creating a striking but functional semi-private sitting area and a statement backdrop to the open plan offices
