UNE Dixson Library **Armidale**

**Project Name:** UNE Dixson Library

**Client:** Wallace Constructions

**Location:** University of New England - Armidale

**Size:** 350m<sup>2</sup>

**Scope of works:** Group discussion, collaboration area, collaboration bench, student breakout, informal learning area, quiet room, brainstorming booths, student breakout seating.

**Overview:** The refurbishment of Dixson Library at University of New England in Armidale was an impressive transformation. Embracing a contemporary style with bright finishes, sophisticated design layout and Aspen's detailed heavy duty upholstery; this new study space met both the functional and aesthetic requirements to produce a pleasing result.

The combination of open plan seating, study booths and group discussion areas have created a highly serviceable and pleasant study environment for students at UNE.
