

FREEDOM EXECUTIVE TASK CHAIR

With innovative recline that provides constant support and a pivoting backrest that automatically adjusts to the needs of the spine, the Freedom chair is exceptionally comfortable and promotes movement throughout the day. Its refined and sculpted cushions were designed to mimic the body's natural contours and decrease pressure point loads for premium comfort.

chair width (arms)	679mm
base width	635mm
seat height range	410-514mm
seat width	533mm
weight capacity	140kg
warranty	15 Years
features	

- innovative weight-sensitive, self-locking recline mechanism cleverly uses each sitter's body weight to perfectly adjust the tension and recline position of the chair for full support throughout movement
- pivoting backrest automatically moves with the user throughout the day and offers perfect lumbar comfort in all positions
- synchronous arms allow effortless adjustment with one hand and our unique arm design attaches to the backrest to move with the user
- contoured cushions are sculpted to closely follow the body's shape and offer long-term comfort, reduce pressure points and provide exceptional weight distribution
- modular design allows the user to update the aesthetic of the chair and offers easy maintenance
- a wide range of specifically created, high-performance textiles complement the chair's unique cushion contours to maximize their comfort, performance and ergonomic function
- the Freedom headrest features a dynamic support that cradles the head and neck during recline, but remains neutral when in upright positions
