

# LIBERTY

---

With a minimal aesthetic that complements any space, the Liberty chair is the ideal seating solution for the modern work environment. With advanced features, including automatic, weight-sensitive recline, arm rests that are attached to the back of the chair for constant support and an innovative tri-panel mesh backrest, Liberty combines performance, simplicity and beauty. With fewer parts than traditional task chairs, Liberty is a timeless and environmentally friendly design.

## PRODUCT INFORMATION

chair weight	18.3kg
chair width (arms)	675mm
base width	635mm
seat height range	450mm-572mm
seat width	533mm
weight capacity	140kg
warranty	textiles & mesh – 5 years of single shift use all other components – 15 years
sustainability	<ul style="list-style-type: none"> <li>recycled content: 16% post-consumer, 14% pre-consumer.</li> <li>weighs as little as 18.3kg (40.3 lbs.), minimizing resources used in shipping</li> <li>modular cushions for easy replacement</li> </ul>
features	<ul style="list-style-type: none"> <li>revolutionary counter-balance mechanism provides perfect recline resistance for all users automatically.</li> <li>form-sensing mesh technology features tri-panel, non-stretch mesh construction for body-hugging comfort.</li> <li>soft, low-abrasion mesh protects clothing while providing ultimate breathability.</li> <li>armrest options include armless, fixed arms or independently adjustable arms with a 125mm (5") range.</li> </ul>

## FEATURES & INNOVATIONS

- 1 SELF-ADJUSTING RECLINE**
- Intelligent counter-balance recline mechanism automatically provides the right amount of support through the full range of recline motion, regardless of user size and weight
  - No tension springs to adjust
  - No recline locks to set/release
  - During recline, the angle between torso and legs opens up for better body function
  - User maintains near constant eye level during recline

- 2 PIVOTING BACKREST**
- Extra motion of the backrest during recline automatically adjusts to the changing needs of the spine
  - Provides additional lumbar support as needed

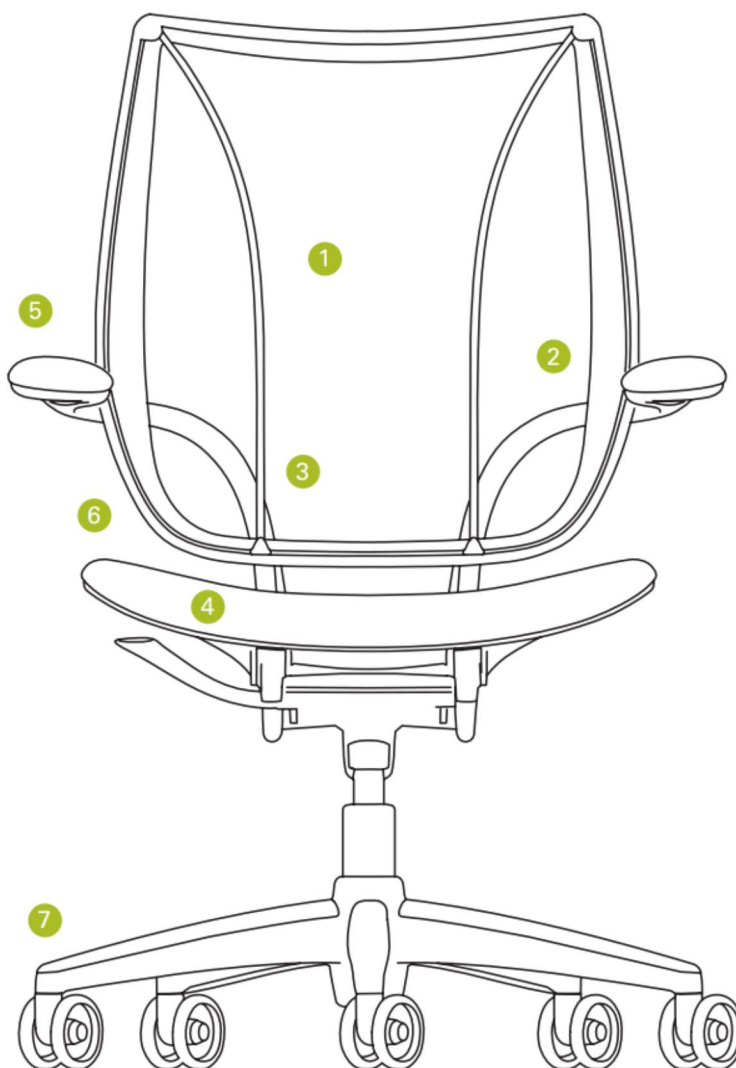

- 3 FORM-SENSING MESH BACK**
- Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for a customised fit
  - No external lumbar devices to adjust, break or lose
  - Low-abrasion mesh protects clothing
  - Modular for easy replacement

- 4 CONTOURED SEAT CUSHION**
- Carefully sculpted to match body contours
  - Increased contact area reduces pressure points
  - Modular for easy replacement

- 5 ARMREST OPTIONS**
- Adjustable or fixed armrests connect to the backrest instead of the seat so they stay with the body during recline
  - Armless model also available

- 6 BODY FIT**
- Size-adjustable to fit more than 95% of the population
  - Automatic adjustments
  - Weight-sensitive recline
  - Form-sensing lumbar support
  - Manual adjustments
  - Optional height-adjustable armrests
  - Seat height
  - Seat depth

- 7 CASTERS**
- 75mm (3") dual-surface casters roll easily on carpeted floors and quietly on hard floors
