

# WORLD ONE

---

World One's design eliminates the need for traditional mechanisms by using the laws of physics and the sitter's body weight to offer a perfect recline. World One features armrests that are attached to the back of the chair and move with the user, providing custom comfort throughout the workday. Tri-panel, non-stretch mesh construction creates body-fitting contours and self-adjusting lumbar support for an automatic, customized fit. A high-value task chair with minimal parts, World One was built with longevity in mind to look as good in ten years as it does today.

## PRODUCT INFORMATION

chair weight	12.7 kg
chair width (arms)	654mm
base width	635mm
seat height range	416-553mm
seat width	513mm
warranty	7 years (parts/components) & 3 years (arm pad/textile)
sustainability	<ul style="list-style-type: none"> <li>recycled content: 16% post-consumer, 14% pre-consumer.</li> <li>weighs as little as 18.3kg (40.3 lbs.), minimizing resources used in shipping</li> <li>modular cushions for easy replacement</li> </ul>
features	<ul style="list-style-type: none"> <li>non-stretch, tri-panel mesh construction provides body-fitting contours, and a self-adjusting lumbar support for an automatic fit</li> <li>no unnecessary levers, locks, or tension springs to set or adjust</li> <li>no external lumbar parts to adjust, break, or lose</li> <li>easy size adjust to fit a large range of body shapes and sizes</li> <li>front edge is frameless to eliminate contact stress at the back of the knees</li> <li>comes with standard hard casters for carpet</li> <li>BIFMA Level 3 certified, SCS Indoor Air Quality Gold certified</li> <li>recline range: 17 degree and 8 degree backrest tilt</li> </ul>
